

MOTIONMD® REPORTS DASHBOARD

The new **Reports Dashboard** will replace the current Reports list providing a consolidated and updated look and allows the user to easily pin their favorite reports for quick and easy access! Under the Reports tab, reports seen in the dropdown list depend on the role(s) of the user or if specific account features have been enabled.

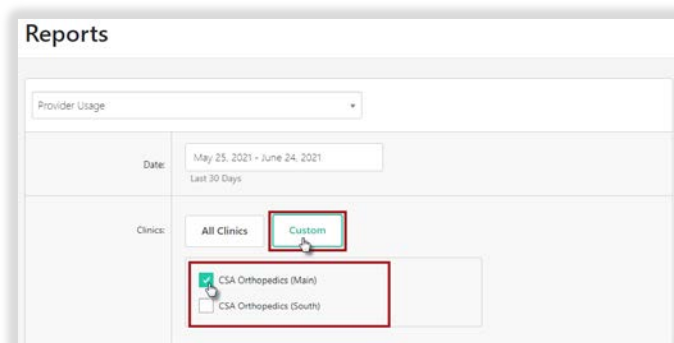

Customize a Report:

Select a report and options will appear to **customize** the data. The options will vary depending on which report is selected. The user can choose to view, download or pin the report.

Multi-Select Clinic or Inventory Location:

Reports that have a Clinic or Inventory Location filter can select a specific Clinic or Inventory Location(s). Select the **Custom** button and the desired Clinic or Inventory Location(s).
