### **Important Notice: Price Change**

Dear Valued Enovis Bracing and Supports Customer,

Our team at Enovis is committed to providing you with the highest-quality products and services at the best possible cost, so that our valued healthcare professional customers can continue to provide the best orthopedic care for their patients. We greatly value your trust and continued partnership.

The cost of materials, components, and transportation have continued to rise, and inflationary pressures have increased this year. It is necessary for us to increase prices effective July 1, 2025, or per the terms of the existing agreement, our product prices will reflect these changes. We understand that price increases are never welcome news, and we assure you that we made this decision after thoroughly considering all options and factoring in our aggressive cost mitigation efforts. We can assure you that these increases only cover a portion of the overall inflation.

Enovis remains dedicated to delivering exceptional value and service. We will continue to leverage supply chain diversity to minimize impact, as well as working to identify other solutions to help our customers and patients. Please reach out to your Sales Representative for any questions regarding this price increase. To request a copy of your pricing, please send an email to [pricelists@enovis.com](mailto:pricelists@enovis.com) and be sure to include your account number. If you have questions or need further information, please do not hesitate to contact our customer service team at [customer.care@enovis.com](mailto:customer.care@enovis.com).

Thank you for your understanding and continued support as we closely monitor developments in the evolving global trade environment.

Sincerely,

A handwritten signature in black ink, appearing to read "Terry Ross". The signature is fluid and cursive, with a long horizontal stroke at the end.

Terry Ross  
Group President, Prevention & Recovery
